Model#	Xebex RUNNER	Assault AIR RUNNER
Picture		
Link	https://www.getrxd.com/ctt03xebexrunner.html	https://www.assaultfitness.com/products/treadmill
Country of Manufacture	★★★★ Taiwan	★★ China
Foot print	★★★★ 180x88 cm (71x35 in)	★★★★ 177.5x83.3 cm (69.9x32.8 in)
Height	★★★★★ 152.5 cm (60 in)	★★★★★ 162.6 cm (64 in)
Weight (Free standing)	★★★★★ 180kg (397 lbs)	★ 127 kg (280 lbs)
Running Surface	★★★★★ 67"L x 17"W	
Industry-leading drive system	★★★★★ - We specifically use bearings made in Singapore, for longer longevity, durability, and smoothness - 12 roller guides with 2.3mm tolerance	★ China bearings
Slats (Surface)	★★★★★ - Shock absorbing: 10mm thick vulcanized rubber running surface - High traction: patterned surface reduces slipping	★★★ Hard composite material for slats equals a harder surface to run on with more impact
Running Belt	★★★★★ - Optimize performance: 2.3mm lateral tolerance reduces shifting & improves form - Belt highly resistance to wear, heat, and stretching to keep slats even	★★★ - Thinner belt and material that is more susceptible to stretching, causing slats to be uneven
Easy transport	★★★★★ - 2x front transportation wheels & 2 universal direction lever foot to adjust to small differences in uneven surfaces	★★★★★ 2 x front transportation wheels & 2 lever foot
Built-In phone holder	★★★★★ Phone holder on frame and console tray	No holder
Built-In Water bottle holder	★★★★★ Water bottle holder on frame	No holder
Smart connect console	★★★★★ - Bluetooth: connect to smartphone - ANT+ connectivity: compatible with group leaderboard software	★★★ Bluetooth only
User-friendly console	★★★★★ - Ability to set PACE program, where console will tell you if you are on pace, or need to speed up - Set work intervals by Time, Distance, or Calories - view Total Distance and Total Time history per treadmill to determine maintenance schedule and/or personal records	★★★★★ - Time, Calories, Distance, Speed, Watts, Pace - Interval program, Target program, Heart Rate program
Power Source	★★★★★ Plug-in not required, battery powered	★★★★★ Plug-in not required, battery powered
Increase efficiency	★★★★★ Burn up to 30% more calories	★★★★★ Burn up to 30% more calories
Max user weight	★★★★★ Run: 159kg (350 lbs) Walk 4 mph max: 318kg (700lbs)	★★★★★ Run: 159kg (350 lbs) Walk 4 mph max: 318kg (700lbs)
