

CARDIO

Elliptical Fitness Crosstrainer®

EFX® 835

Product Highlights

The EFX® 835 with Converging CrossRamp® combines essential reliability and ease-of-use with a natural, low-impact stride to add value to your facility. Design enhancements ensure easy cleaning and maintenance for you, while the unique adjustable Converging CrossRamp® technology and upper body moving handlebars deliver a total body workout for your exercisers.

Product Features

CONVERGING CROSSRAMP®

Our patented converging footpath design and incline adjustments between 10 - 35 degrees, along with 20 levels of resistance, give exercisers a challenging workout with a more natural feeling stride. Exercisers easily target glutes, quadriceps, and calves to create a well-rounded workout tailored to their fitness goals. Large open pedals, a low step-over height, and an accessible 10-degree starting angle make it simple for beginners to get started, while higher inclines and resistance challenge advanced exercisers.

HANDLEBARS

The moving handlebars deliver a full-body workout with every session. Fixed grips provide stability and confidence for exercisers focused on lower-body training, making the EFX adaptable for all fitness levels.

P31 CONSOLE

A LED console that works harder for you, your exercisers, and your servicers. Exercisers will enjoy the well-placed resistance and incline controls, as well as accessible workout options. Supercharge your servicers' efficiency by providing detailed equipment status information, reducing downtime on your fitness floor.

COVERED REAR DRIVE HOUSING

Experience easy maintenance with the covered ramp and rear drive housing that enable quick access for cleaning.

ACTIVE STATUS LIGHT

Alerts staff at a glance when the EFX needs maintenance or service.
