

P62 Touchscreen Console

In this digital world, entertainment and information are powerful tools for creating an engaging experience in the cardio area, one that can set a fitness facility apart, boosting attraction and retention of new and existing members. It's time to elevate your cardio area beyond simply providing a personal television viewing screen for your exercisers.

The P62 10.1 in (25.6 cm) touchscreen console, available on the Experience™ Series 700 and 800 cardio lines, injects contemporary design and a networked fitness experience to the cardio floor, at a mid-tier price.

When networked, the P62 is a direct-to-exerciser communication portal, allowing you an opportunity to build your brand, share information about activities and services, and strengthen the sense of community in your facility.

The P62 is designed to be the ideal portal to Preva® networked fitness, providing exercisers a personalized and compelling workout experience that can be tracked, saved, and re-accessed. Preva also provides you with powerful tools that increase attraction, improve retention, drive revenue, and optimize your cardio equipment management.

P62 Touchscreen Console

Product Features

1. Personalized Viewing with Remarkable Clarity

Exercisers' proximity to the high-quality screen gives them the crisp clarity and personalized viewing they expect from their home entertainment system.

2. Supports Media Technologies Around the World

Connecting standard media systems, cable/satellite receivers, Pro:Idiom, and IPTV has never been easier. The P62 is designed with today's media technologies in mind.

3. Optimized for Use During Workouts

Large and responsive motion controls are independent of the touchscreen, enabling exercisers to alter the motion and resistance of their workout with ease.

4. Consistent Appearance Across the Cardio Floor

P62 shares the proven silhouette of the Precor console family to ensure a clean, contemporary appearance across the cardio floor.

5. A Platform Solution for Now and the Future

All networked P62 consoles receive automatic software updates, refreshed content, and new features without any action or expense on your part.

6. Integrated Asset Management

Save time and effort with easy-to-access diagnostics and usage information through integrated asset management.

7. Tested for Durability and Reliability

Thousands of hours of hardware and software testing conducted internally and in facilities ensures you won't disappoint your cardio exercisers.
