

CARDIO

Adaptive Motion Trainer®

AMT® 885

Product Highlights

The AMT 885 combines essential reliability and ease-of-use with smooth, flowing, and precise motion to add value to your facility. The AMT with Open Stride™ is the only variable stride cardio equipment with adjustable step height, allowing exercisers to train in a variety of stride paths, including running, jogging, and stepping. With one piece of equipment that creates an array of movement patterns, you can maximize valuable floor space and help exercisers stay engaged in their workouts.

Product Features

P84 TOUCHSCREEN CONSOLE

The P84 console features a brilliant 16-inch touchscreen that combines performance, entertainment, and workout variety. Exercisers can enjoy seamless wireless casting that provides access to thousands of third-party fitness and media apps. They can also stream content through fully integrated PlutoTV, Netflix and YouTube apps—putting the content they want, right at their fingertips.

OPEN STRIDE™

Open Stride is a unique feature that allows exercisers not only to dynamically adapt their stride length from zero to 36 inches (0 to 91 cm), but also to adjust their stride height from 6.8 to 10 in (17 to 25 cm), providing an infinite range of stride paths to engage several muscle groups. Open Stride can be adjusted from level 1 to 5 with the tactile motion controls.

HANDLEBARS FIT EVERYONE

The tapered moving handlebars provide a comfortable fit for nearly every exerciser. The stationary grip has a heart rate sensor* built-in that provides monitoring and a stable, comfortable position when focusing on the lower body.

TOTAL BODY WORKOUT IN ONE PIECE OF EQUIPMENT

Exercisers can go from short stride to long stride, walking to running, and climbing to striding, allowing them to target different muscle groups. Pushing and pulling the moving handlebars will engage the upper body, resulting in a total body workout.

Specifications

Dimensions (L x W x H): 80 x 35 x 73 in / 203 x 89 x 186 cm

Product Weight: 422 lb / 191 kg

Max User Weight: 350 lb / 159 kg

Power: US & Canada: 120V/15A;

International: 240V, applicable country-specific power cord

Total Workouts: 8

Resistance Levels: 20

Adjustable Stride Length: 0 - 36 in / 0 - 91 cm

Stride Height: 6.8 - 10 in / 17 - 25 cm (Five levels)
