## TRM 895

### Product Highlights

The TRM 895 adds value to your facility by combining essential reliability and ease-of-use with a feeling that's personalized to every step. Thoughtful design and performance deliver an exerciser experience that feels natural. The TRM 895 makes it easier for you to provide a customer-focused environment. Quiet and efficient, we've streamlined the assembly and included diagnostic tools to increase uptime and keep operating costs down.

### Product Features

#### P94 TOUCHSCREEN CONSOLE

The P94 console features a brilliant 22-inch touchscreen that combines performance, entertainment, and workout variety. Exercisers can enjoy seamless wireless casting that provides access to thousands of third-party fitness and media apps. They can also stream content through fully integrated PlutoTV, Netflix and YouTube apps --putting the content they want, right at their fingertips.

#### POWER FACTOR CORRECTION (PFC)

The motor drive system is optimized with PFC for increased efficiency, improved performance, and reduced energy consumption by up to 30%.

#### INTEGRATED FOOTPLANT TECHNOLOGY™

Integrated Footplant Technology recognizes the exerciser's natural foot speed and matches every stride for an ultra-smooth feel that enhances the workout experience.

#### GROUND EFFECTS® IMPACT CONTROL SYSTEM

This patented system combines ideal cushioning, support, and stability for exercisers. Precor treadmill decks are designed to absorb more impact in the front where exercisers' feet hit the belt. Added rigidity at the back of the belt allows for a firm push-off.

#### ACTIVE STATUS LIGHT

To increase uptime, an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform life-extending maintenance.
